Part A - Reading a short text

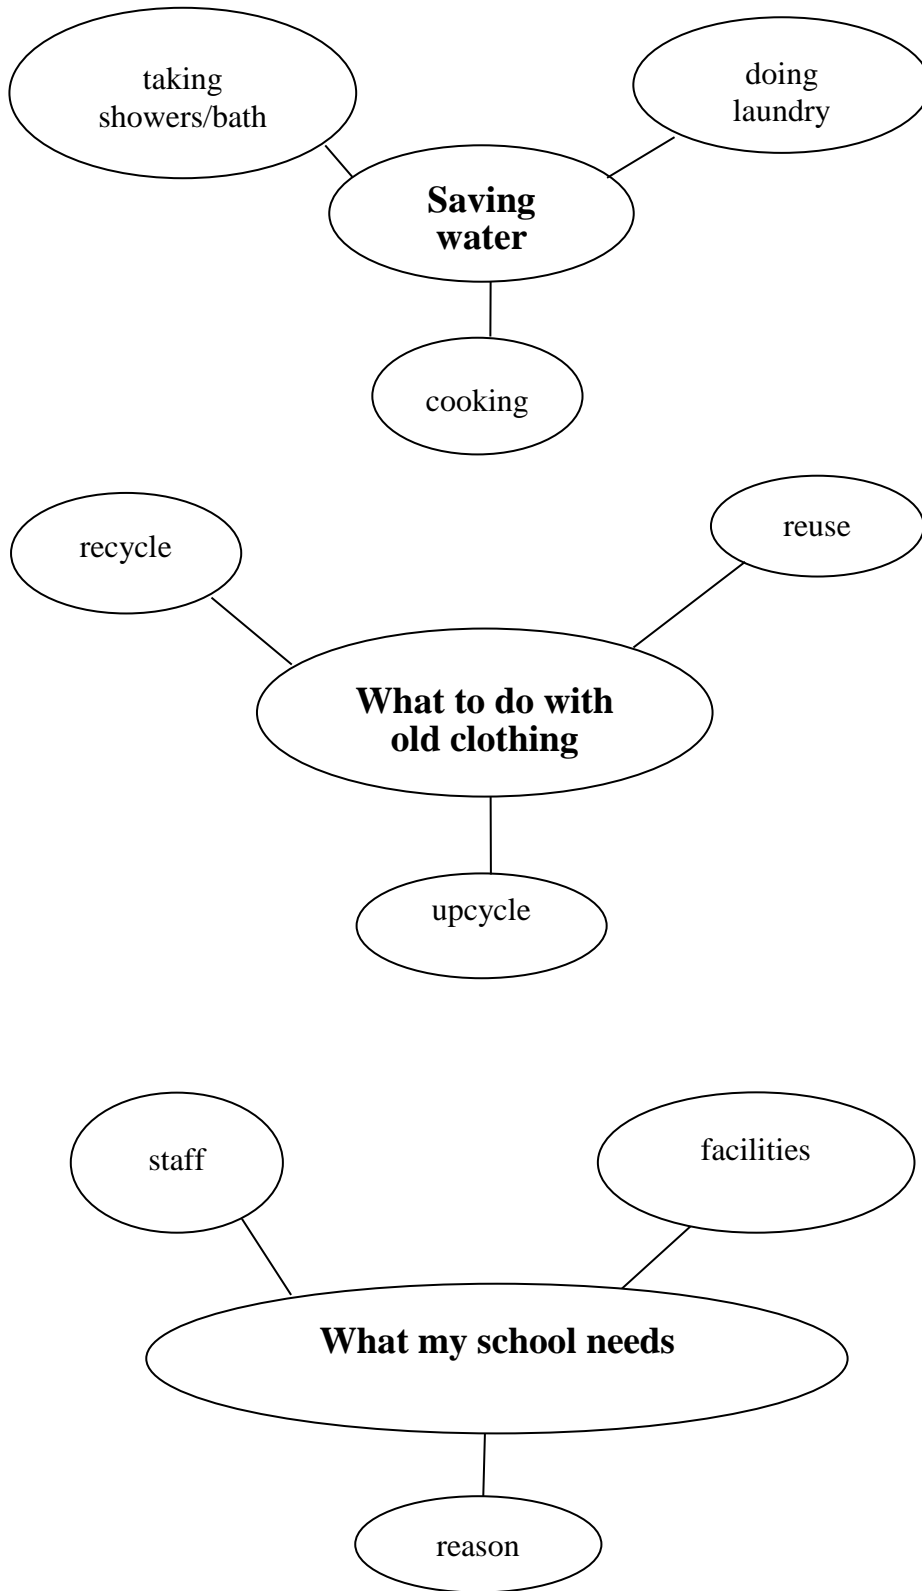

Discover the latest fashion at the boutiques. No two shops are alike! Not into fashion? We have a whole floor of video games and electronics. You can also find great books at Potters Bookshop. It's as big as a library! Done with shopping? Hit the ice rink or watch a film at the 4-D cinema. Eat and take photos of cute food and drinks at the themed cafes. Go to Takashi Bakery for their famous cheese tarts or enjoy a delicious bowl of Japanese noodles at Shogun Ramen.

From the outside, David and Victoria Beckham have the perfect family life, but even these stars go through their share of family problems. David Beckham is famous for his football career, and Victoria Beckham is known for her fashion design career and her role in the Spice Girls. Since they are both famous people, their family is always in the spotlight. The biggest family problem, though, is about football. The children are always playing football in the house. Victoria once tried to stop them, but they started playing again when she was not looking.

Recently, I've been worried about how much we buy and throw away. We have too much waste! I decided to find some ways to reduce waste myself. At an upcycling workshop, I made a bag out of an old T-shirt. First, I turned the T-shirt inside out. Next, I cut off the sleeves and sewed the bottom together. Finally, I flipped it the right way out. It was like magic. Since the workshop, I've made four more T-shirt bags and given them to friends.

With new technology, families are facing a new problem. People pay attention to their mobile phones instead of the people around them. They send messages, play games and visit social networking sites on their phones. Therefore, I advise families to have phone-free evenings. They have to shut off their phones and chat. This is a change every family can make. We must remember that our families are more important than our phones.
